

CAPABILITY STATEMENT

www.workwithfulcrum.com

Fulcrum Sales & Marketing, LLC provides our government partners with market research, polling, and outreach services that leverage our proprietary **ACTION** methodology in which we A – align on objectives and hypotheses, C – construct research mechanics, T – target organizations and individual segments, I – initiate outreach across channels, O – observe qualitative and quantitative data captured, and N – normalize statistical analysis for generated insights and impactful application.

CORE COMPETENCIES

- Outreach** services that professionally disseminate information across a wide array of stakeholders
- Market Research** services that scientifically survey stakeholders to confidently understand their perceptions and inform decision-making
- Polling** services through various mediums such as but not limited to email, telephone, mail, fax, and more.
- Analysis & Impact** is provided through statistical rigor and thoughtful, engaging presentations for all stakeholders.
